PROJECT WORK-1

Discover the magical world of science through these exciting experiments. We might spot an Einstein, Newton or Madame Curie amongst our little UKites.

Let's make a lava lamp

What you need:-

- Flask or empty bottle
- $\frac{3}{4}$ cup of water
- Vegetable oil
- Fizzing tablets such as Alka Seltzer tablets
- Food colouring

What to do:-

- Fill the flask most of the way with your choice of oil.
- Fill the rest of the flask with water. The oil floats and the water sinks to the bottom of the jar under the oil and looks like little, clear blobs.
- Add a few drops of food coloring; your choice of color. The food coloring is water-based, so it will also sink and color the water that is now at the bottom of the flask.
- Break an Alka-seltzer tablet into a few small pieces, and drop them in the flask one at a time.
- Watch your lava lamp erupt into activity! As the chemical reaction slows down, simply add more Alka-seltzer.

PROJECT WORK-2

Let's make a 3D Jungle Materials needed:

- Shoebox or cardboard box (for jungle base)
- Green paper or green paint (grass and trees)
- Animal cutouts or small plastic animal toys
- Brown paper (tree trunks), green paper (leaves)
- Popsicle sticks, twigs, or pipe cleaners
- Cotton balls (clouds), yellow paper (sun)
- Glue, child-safe scissors, tape
- Real leaves or small pebbles (optional – nature walk)

Instructions:

1. **Prepare the Base:** Take a shoebox and stand it on its side (landscape orientation). Cover the inside bottom with green paper or paint it green to look like grass.
2. **Make Trees and Bushes:** Use rolled brown paper for tree trunks and stick green paper leaves on top. Twigs or popsicle sticks can also be used.
3. **Add Animals:** Stick animal cutouts or place small jungle animal toys inside the box. Use folded paper strips to make paper cutouts stand.
4. **Decorate the Sky:** Add cotton clouds and a sun on the inside top wall. You can also add flying birds or butterflies.
5. **Finishing Touches:** Decorate with pebbles, artificial grass, or dry leaves. Write labels like "Lion," "Elephant," or "My Jungle" to complete it.
6. **Child's Involvement:** Children can help place animals, stick trees, and name the items
